## Now

March 19, 2023

I had minor surgery on Tuesday morning to remove a lipoma from my neck. It went well and the nursing staff were amazingly caring. That helps a lot with stress and recovery. Wednesday was a planned recovery day and I'm glad for that. By day's end I was knackered. All in all it's been an unusual week.

Last night I was in Melbourne for a friend's bucks night. A pretty tame affair as we're all 50+. Today we were at a naming day for Wendy's boss's daughter.

## Recently watched movies

[Operation Fortune: Ruse de Guerre](#) is a great Saturday night popcorn movie. Plenty of fun and knows exactly what it is. This is not fine art but it is a good time.

## Currently gaming

I put more time into *Elden Ring* during the week. Both ups and downs. This morning however I've decided to put it aside again. I have too many games to play (see My gaming pile of shame) and at 85 hours into *Elden Ring*, I'm not sure there isn't at least that much again for me to go. This afternoon I started *Resident Evil 7: Biohazard* and I'm not sure if I took a breath for an hour.

## Currently reading

Don't expect too much here for a couple of weeks. *Lord of Time (The Wheel of Time Book 6)* is long and will take me a bit to read. I've started *Interesting Times* as my next audiobook.
